

New Openings

Daniela Steiner Cosmetics is very pleased to announce their *New Openings* at **Castiglione Del Bosco** Tuscany Italy, **Select Collection Spa** in Stockholm, Sweden and **Le Tre Vaselle** in Umbria Italy.

The Castiglione Del Bosco property results from a passion for quality and a commitment to authenticity, making it a perfect partner for Daniela Steiner Cosmetics.

The mutual aspiration of Castiglione Del Bosco and The Spa team is to create a place where the clients return again and again, building lasting relationships while experiencing the Tuscan way of life.

The Spa, located in the heart of Il Borgo is a serene oasis specializing in unique therapies based on organic ingredients from the Estate.

Select Collection is the first luxury tour operator in the world to fully integrate luxury travel, lifestyle boutiques and a day spa under one roof. The **SELECT COLLECTION SPA** in Stockholm features over 50 different treatments from luxury hotels around the world. Select Collection is also the only spa in Sweden to perform Daniela Steiner beauty treatments.

In the heart of the Umbrian countryside between Perugia and Assisi lies a region known for the beauty of its pristine landscape and its wealth of history: **Le Tre Vaselle** rises within the medieval walls of the Torgiano village.

At **Le Tre Vaselle**, a place where every detail calls to mind rolling vineyards and sumptuous wines, so too does the spa with the same *liet* motif; the BellaUve vinotherapy along with the other Daniela Steiner treatments allow the guest to relax in a unique atmosphere and benefit from the results of the combination of the fundamental concepts of Lungarotti and Daniela Steiner, created with love and maximum respect for nature.

We are very proud of these beautiful and memorable new **DANIELA STEINER** openings and look forward to welcoming you soon!
